

Comparison Regional Staff Access to Student Attendance Information

Current State: Schools mark attendance using various systems

- Cases 21 – data entered from paper roll by ES staff
- e-Cases – staff access via web interface (users must be created)
- 3rd Party Software eg: Compass, Xuno (must be uploaded/interface via eduhub)
- **Data is not live** (sync weekly or manually)

Regional Staff – no access to Cases21

Region – no access to student specific attendance data – eg: at risk students

Future State: Next Gen System will allow access to Central/Regional staff (with appropriate permissions).

Regional Staff

Access to live data

Ability to see student specific attendance data

Ability to generate regional specific reports

Ability to generate school specific reports – reviews

Regional Staff

Reporting

Ability to send request for exemptions to RD via portal

School attendance officers immediate access

All standard/custom built letters are available to generate eg: PCG

Comparison

Student Incident Reporting – Regional Staff information

Current State:

- Multiple disconnected systems– CASES21, SIMS (Schools Incident Management system) etc.,
- Data entry duplication as systems are not connected.
- Manual workarounds to populate and capture information to create various reports for different actions.
- Regions no access to live data

DET/Regional staff/Emergency Management/Support staff etc

– NO access to Incident data/Cases21

Future State: Interconnected DET systems, Dynamic reports, Regions have access to live data – User defined permissions

DET/Regional Staff etc

Access to live data

Ability to see student specific data

Ability to generate school specific data

Dynamic reports/data analysis

Other services- DHHS, Social workers etc.,

Schools can easily generate dynamic reports to feed different services

Who are our Stakeholder Groups ?

The program stakeholders are many and they will be affected in different ways and to different degrees. We are trying to engage with as many stakeholders as possible, especially those who will experience a Very High or High degree of change

Area/Type	Stakeholders Affected	How many (estimate)	Degree of Change
Schools (~1,540 sites)	Business managers/administrative support staff	Over 9,000	Very High
	Principal class (includes: principals and assistant principals)	Over 3,000	High
	School council members	Over 17,600	Medium
	Teachers	Over 45,000	Medium
	Students	Over 603,000	Low
	Parents/carers/guardians	Over 730,000	Medium
Central and Regional Office staff	Central-office based staff (Selected functions and services)	Up to 200	Medium
	Regional-office based staff (Selected functions and services)	Up to 200	Medium

Description	Degree of Change
Significant impact on capabilities and day-to-day work practice	Very High
Major impact on work practice, and on people in their immediate team/school	High
Changes to practice and responsibilities for how these stakeholders interact with certain services	Medium
Minimal change, possibly one-off	Low

Above: Impact of change scale

Expression of Interest – Working Group

A competitive tendering process will identify a suitable vendor to design, develop and support delivery of the new system. The workshops are a final validation step in the lead up to releasing tender documents.

NGSAP workshops are currently being planned with the School and Regional Operations unit and are expected to take place between February and May.

For more information about the program please go to the [NGSAP Your Say site](#).

Send in your completed EOI forms to: next.gen.schools.admin@education.vic.gov.au.
